

Quality, Reliability & Value

Protech Trade EOOD, located in Varna, Bulgaria, is one of the major suppliers of original quality commercial vehicle spare parts in the independent aftermarket (IAM). Currently, our primary focus is on airbrake and exhaust systems. However, our range of products is continually being developed on a larger scale to meet the increasing demands of the market.

Our mission is to provide customers with reliable, high quality products that include a wide array of benefits. We have successfully combined our international knowledge and local expertise with a pledge of reliability, quality and service.

Our ultimate goal is to provide customers with the best price / performance ratio. Bearing this in mind, Protech has become the exclusive distributor and logistics centre for Vaden compressors and compressor repair kits for the entire Eastern European region. Vaden's continuous investment in skilled work power combined with the best available machinery on the market has helped us achieve remarkable success with regard to its products. Every Vaden product is under warranty and we are pleased to offer all of them to the European region from our rich supply in Varna, Bulgaria.

As an exclusive dealer for Europe, Protech is proud to present Bremco brand, a Turkish-German joint project and an excellent alternative to genuine parts for commercial vehicles. Bremco supplies competitively priced OE quality parts that come from the best manufacturers in Turkey. Selecting only the most reliable parts with proven quality from each manufacturer, Bremco continuously expands its product range to meet the needs of consumers. Customer satisfaction is exceptionally important for this new line and therefore, all Bremco products are under the guarantee of the brand.

The latest improvement in Protech's product range is the addition of exhaust and emission systems with Dinex quality. Protech is the authorised dealer of Dinex in Bulgaria and the neighbouring countries. Dinex is an OE supplier and world leader in exhaust and emission systems.

As an alternative source and independent supplier of genuine parts for commercial vehicles, Protech proudly sells original airbrake parts from top manufacturers such as Wabco, Kongsberg, Haldex and Bosch. Because of our vast purchasing experience and the flexibility derived from being an independent distributor, our customers can choose the most competitively priced genuine parts from a single location.

Our ultimate goal is to serve our customers with the highest ethical standards and offer competitive prices as well as excellent service.

You are kindly invited to contact us and benefit from the advantages of working with Protech.

1
